Gator Drum Management System

- AK28902 Base
- AK28903 Stacker
- AK28904 Shelf

- Gator Drum Management System meets safety and environmental protection requirements while organizing drum storage for maximum efficiency, productivity, and cost savings. The design accommodates either 30 or 55 gallon drums of Class 1B or 1C flammables and combustibles. Space-saving design is also ideal for storage of non-hazardous liquids. Gator-Tuff, UV protected polyethylene construction provides maximum chemical compatibility and resistance - preventing corrosion and deterioration, assuring a long lifetime of service. Molded-in drum lock channels hold drums in place. The system consists of three modules: base, stack and dispensing shelf.

Product Description	Sump Cap. (Gallons)	Sump Cap. (Liters)	Load Bearing Capacity (Kgs.)	Load Bearing Capacity (Kgs.)	Outside Dim. W x D x H (Inchs)	Outside Dim. W x D x H (mm.)	Compliance	Ship Wt. Ctn. (Lbs.)	Ship Wt. Ctn. (Kgs.)	Gray Model No.	Yellow Model No.
